A Weekend Intensive in Transformational Breathing

INSPIRE YOUR DESTINY

The Power of Creating with Your Breath

Apply one simple concept: change your breath, change your life. This unique workshop uses facilitated Transformational Breath sessions to clear the subconscious, weaving breathwork into concepts of quantum physics, clearing clutter, ancient wisdom teachings, conscious decision-making and much more. By the end of the weekend, you will have clarity about what you want, how to manifest it and the tools to continue with the gift of Transformational Breathing.

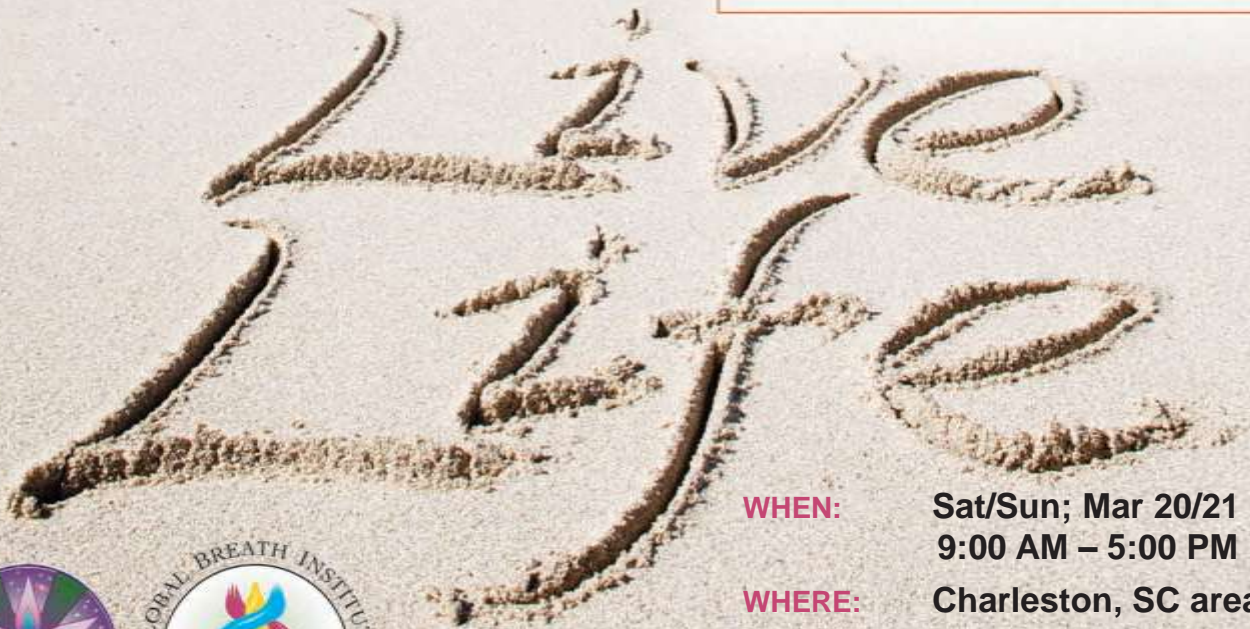

Which path will you choose—the path of stress, pain, suffering and difficulty or the path of joy, passion, abundance and ease?

This *Renewal & Awakening* intensive is packed with instruction and personal practice that will clear away the limitations of negative thought patterns. Renew your life with energy and insight.

You will experience:

- four full-length facilitated breath sessions
- guided breath sessions
- meditations and inquiries
